

Apartment Safety

& Security Tips

Recognizing that many of our students live in apartments both on and off campus, the KU Public Safety Office offers the following safety advice:

- 🔑 Always lock your doors, even when you are at home.
- 🔑 If you live in a ground floor apartment be sure to also lock windows and patio doors.
- 🔑 A broomstick cut to length and wedged firmly into the lower track makes an inexpensive second lock for a sliding patio door.
- 🔑 Exterior doors should be solid, not hollow, and should be equipped with a glass viewer allowing you to see who is at your door before opening it
- 🔑 If your door is equipped with a safety chain, have it latched before opening the door to someone you do not know. But remember the safety chain is very weak security.
- 🔑 Parking lots, stairways and hallways should be well lighted. Notify the manager or maintenance personnel of any problems and have burned out bulbs replaced immediately.

- 🔊 Trees and shrubbery should never block the view of doorways or windows. Have the maintenance personnel keep them neatly trimmed.
- 🔊 Never allow service people into your apartment without an appointment. If you did not schedule the service work, contact your apartment manager or the service company for verification.
- 🔊 Have your neighbors or friends watch your apartment when you are gone for extended periods of time.
- 🔊 Stop the delivery of newspapers and have your mail held at the Post Office when you will be away for extended periods of time.
- 🔊 Inexpensive timers set to turn your light on and off at different times can give the appearance that your apartment is occupied.
