

## Bicycle Security & Safety

---

Thousands of bicycles are ridden and stored on campus every day. Unfortunately they appeal to thieves. There were 40 bicycles stolen on the KU Campus in 2014. Here are some tips to keep your bicycle from being included in this year's figure.

- ☛ Record your bicycle's make, model and serial number and keep it in a safe place.
- ☛ Secure your bicycle with a good quality U-shaped lock. Most bicycles stolen on campus were not locked or were locked by chain or cable locks.
- ☛ The bicycle should be locked through the frame and the front wheel.
- ☛ Bicycle seats can also be stolen. Remove the seat and take it with you if the seat might be prone to theft or consider purchasing a seat tether.

Accidents between cars and bicycles happen on campus. Ride your bicycle safely and wear an approved helmet. Reduce your chances of being in an accident by obeying all the traffic laws. A headlamp and rear reflector is required at night.
